PROUD TO SERVE MAINE BOATBUILDERS

PORTLAND ROCKLAND SEARSPORT SOUTHWEST HARBOR JONESPORT

LAUNCH A DREAM

PHOTO BY BILLY BLACK

Where do dreams come from?

From out of the fog and the
deep waters off a rocky coastline.

From the inspiration of four centuries
of tradition.

And from working in partnership with
artisans who know that if something's not exactly right,
it's hopelessly wrong.

DON'T CHEAT ON YOUR DREAM.

Dysart's Great Harbor Marina | Southwest Harbor | (207) 244-0117 | dysartsmarina.com

Dysart's Great Harbor Marina in Southwest Harbor offers cruising guests access to Acadia National Park, superb shoreside services and facilities, local Maine dining flavors and stunning views. Alongside floating dockage in sheltered waters at the head of Southwest Harbor. Dysart's Marina is in the heart of Mount Desert Island. The dock master and line handling crew are full of local knowledge and the marina's staff takes pride in ensuring every guest has the best possible stay and departs the marina docks with wonderful cruising memories of Maine. A vibrant history of a working sardine facility that the present family owners converted

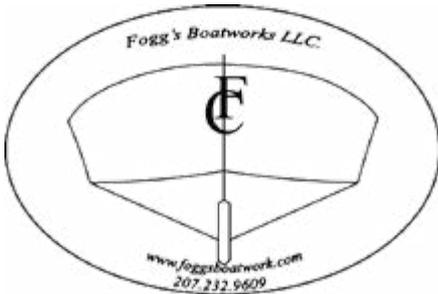

into a marina in 1990. Southwest Harbor is an active waterfront community, steeped in traditional boat building along the shores.

Managing the marina since 2003 Micah and Jane take pride in ensuring that every boat is welcomed and enjoys their stay to the max. Mount Desert Island and numerous surrounding islands ensure flat water cruising and scenery that is ideal for any sail or power boat guest to feel comfortable. We invite you to learn more about our beautiful region and hope to see you at our Maine Marina soon!

Fogg's Boatworks | North Yarmouth | (207) 232-9609 | fogsboatwork.com

Why buy a Foggcraft?

There are many reasons to own a Foggcraft, but let's start with the materials. Foggcrafts are built with 1/4" 5086 marine grade aluminum alloy. Aluminum alloy is what the pros all around the world use to build boats, the East coast is a bit behind the times. Aluminum is lightweight, strong, and easy to maintain. You can take a 10lb sledgehammer to the side of a Foggcraft and don't have to worry about a thing, try that with a fiberglass or wooden boat!

Next Foggcrafts are not mass-produced, a large corporation does not own Fogg's Boatworks, they are a family owned operation and they build every boat by hand. Fogg's

Boatworks LLC can sit down with you and design your boat to your specifications while hitting the same price points as production boats.

Just because Foggcrafts are aluminum doesn't mean they don't have that classic Down East flare. Dennis Fogg, the owner and operator, along with his two sons, love the water and they take great pride in their craftsmanship and end product. With just the three of them building your boat you don't have to worry about the many layers of larger operations. When you talk to one of them you are talking to the builder, designer, marketer, and sales person.

So before you buy your next boat make sure you come test-drive a Foggcraft.

Front Street Shipyard | Belfast | (207) 930-3740 | frontstreetshipyard.com

FRONT STREET SHIPYARD

Welcome to the most capable and versatile boatyard in northern New England. Front Street Shipyard in Belfast, Maine, is a boatbuilder, repair yard, storage facility and marina on Penobscot Bay with an expansive shop space and broad capabilities. We cater to the needs of every type of vessel ranging from small recreational boats to commercial vessels and superyachts.

We founded Front Street Shipyard to create a place in Maine where yachts of all sizes from all over the world can get the best possible service and attention. Front Street Shipyard has deep-water frontage, state-of-the-art equipment and a forward-thinking workforce.

The cornerstone of Front Street Shipyard is our depth and breadth of experience in boatbuilding, restoration and refits. In addition

to our Belfast location, we have a production boatbuilding facility in Bucksport and a ferry-construction partnership called Arcadia Alliance.

Debuting in 2017 is the Brevilla Yachts line of power catamarans, currently under construction at Front Street Shipyard.

To our capable team at Front Street Shipyard, each project is unique and ripe with possibility. There is only one consistency maintained throughout each build and refit: the exceptionally high quality of the end product, both aesthetically and functionally.

Whether your boat is 20 or 200 feet, sail or power, commercial or recreational, bring her to Front Street Shipyard, where the sky is no limit to what we can do.

Padebco Custom Boat Builders & Full Service Boatyard | Round Pond | (207) 529-5106 | padebco.com

When you love boats and boating as we do, it's a labor of love. Padebco is known for our custom built Downeast-style power boats and the fine craftsmanship that goes into building each one of our boats. We have been building and maintaining boats for close to 60-years, making us uniquely qualified to build your new boat or care for your current boat.

CUSTOM BOAT BUILDERS: The boat of your dreams, custom built for you.

Padebco's custom built boats lean toward luxury and are revered for their classic lines, strength and longevity. Our custom boats range from a 17 foot skiff to 21 – 32 foot cruisers, runabouts, center consoles and walkarounds. The genuine craftsmanship and design that is part of each Padebco combined with the individual ideas and input of its owners result in a distinctive vessel. We have the boat of your dreams, it's waiting for your design input.

FULL SERVICE BOATYARD: Quality Service, Competitive Rates.

Padebco's three full service boatyards, located in mid-coast Maine, offer a wide range of services for sail and power boats. From repairs, repowers, refits, and carpentry, to hauling, launching, and storage; Padebco is your one-stop boatyard offering quality service and competitive rates. Padebco is a Yanmar dealer and ABYC member.

Padebco prides itself in providing exceptional service and quality craftsmanship, while cultivating long-lasting relationships with our clients. Our dedication to the highest standards of workmanship, attention to detail and a philosophy that puts service first are what sets Padebco apart from the rest.

Rockport Marine | Rockport | (207) 236-9651 | rockportmarine.com

ROCKPORT MARINE

Rockport Marine is a talented group of 50 men and women who build, restore, and maintain wooden boats at the highest standards. The yard was started by Luke Allen, expanded by his son Taylor Allen, and now managed by his son Sam Temple. We are carpenters, designers, machinists, mechanics, electricians, fabricators, riggers, painters, and brokers with our sights on the best outcome for boat and customer.

We design and build new yachts with both modern wood composite techniques and time honored traditional methods. We also restore vessels from yachting's Golden Age and build replicas. We have modern daysailers constructed alongside robust historic vessels. The diversity, quality and efficiency of our work keeps it enjoyable and exciting.

We store and maintain a fleet of 50 yachts in thriving condition. At Rockport Marine, vessels in the storage fleet find a path to excellence. Many have been in our care for decades, undergoing major structural and mechanical work at different stages. Our goal in this side of the business is to make yacht ownership predictable. Our recent acquisition of David Jones Yacht Brokerage rounds out our service offerings.

We are as proud of our relationships as we are of the boats we care for and build. Seeing an owner through a satisfying project and seeing that yacht perform as desired is our standard for success.

SW Boatworks | Lamoine | (207) 667-7427 | swboatworks.com

SW Boatworks is located in Lamoine, nestled between Mount Desert Island, Ellsworth, and Downeast Maine.

During the past 17 years, Capt. Stewart Workman and his highly skilled crew have constructed custom sportsfishing vessels, commercial fishing boats, Coast Guard-approved passenger boats, law enforcement vessels, research vessels, and pleasure boats. Our experienced crews coordinate all aspects of the construction—from the initial layout to custom design, from hookups to electrical, from start to custom finish.

An exclusive builder and home of the Calvin Beal and Young Brothers boat designs, SW Boatworks chose to represent these classic boats. Each boat is unique and needs to exceed the expectations of each owner.

The Calvin Beal boat design shows stability, seaworthiness, and spaciousness. This boat is known for its handsome strong lines,

beam, and versatility for fishing and cruising. The Calvin Beal is proven by fishermen and enjoyed by yachtsmen.

The Young Brothers boat is designed for a unique experience—a lazy afternoon on the hook, racing across a sun-dappled sea, slipping off the deck shoes and relaxing, entertaining guests, or visiting exotic ports of call on an extended cruise. The Young Brothers lobster boat design is powered by a single inboard diesel engine, which drives the yacht to perform comfortably.

SW Boatworks believes in building more than just boats. We are known for our commitment to each boat, the statement it makes on the ocean and the owners it represents.

ABOUT MAINE BUILT BOATS

Maine Built Boats, a 501(c)(6) nonprofit organization, was established in 2005 to strengthen and expand Maine's boat building industry. The organization is creating a unified brand that presents Maine as a worldwide leader in boat building quality,

technology, and craftsmanship. MBB will use unique and aggressive initiatives to promote the brand and increase demand for Maine built boats in regional, national and international markets and strengthen the boat building community.

MBB partners with the state and federal government to leverage resources and develop a favorable business environment for the Maine boat building industry. In addition, the organization is dedicated to supporting marine industry training and the development of technologies that enhance industry products and performance.

Michelangelo had his ceilings.

We prefer boats. Boats designed with an elegant, understated line. A maritime tradition that spans 400 years. And a spirit of innovation that burns brighter than ever. No one has more to draw on.
